The best **protection** against **dust.**

Meet a brand new technology that prevents dust from clinging to upholstery fabrics; Anti Dust from Weavers.

Dust in Living Spaces

The amount of dust in the atmosphere made up of particles floating in the air only come to our attention when the dust reaches a visible level.

Actually one of the first sources of dust is people.

People and animals are the foremost materials that generate dead skin dust. Many materials like upholstery fabrics can easily become repositories for dust.

Don't Let Your Furniture Become Dust Repositories

Weavers prevents dust accumulation with a special feature it has added to upholstery fabrics. With its dust repellent feature ANTI DUST provides both an aesthetic and hygienic solution for upholstery fabrics.

Cleaner, More Resilient

Dust that can have allergenic properties from time to time also has a corroding effect. With the Anti Dust technology that prevent dusts clinging to fabrics the life of fabrics are extended.
