“retard flames”

# Superior comfort beyond your expectations!

A new formula to offer innovative solutions for different living needs; Flaret! This is a new era in sitting technology with Boyteks Flaret fabric which can be laminated to upholstery fabric to protect against fire risk! In contrast to the existing fire retardant technologies, Flaret offers maximum resistance to ignition. Thanks to this performance, it protects you from fire danger during sitting. What's more, this important feature is offered at an optimum price and with the softest touch. Boyteks Flaret, which successfully fulfills BS 5852 test standards, offers maximum protection against flammability without any extra filling material. These superior features remain even after long time use.

## Features of Flaret upholstery fabric

- Ensures the **fire safety**.
- Maintains flame retardant features through **multiple washes**.
- Acts as a **protective barrier** over the sofa.
- Meets these standards;  
BS5852 - Part: 1 (Cig & Match)  
BS5852 - Part: 2 (Crib 5)
- Environmental friendly.
